PROFILE SUMMARY

WordPress-focused software developer with hands-on experience building web and mobile applications using **PHP, JavaScript, MySQL, HTML, CSS, React Native, and REST APIs**. Experienced in developing secure workflows, integrating APIs, managing application state, writing tests, and optimizing performance. Comfortable working in remote teams and delivering clean, maintainable, production-ready code.

SKILLS

- **Languages:** PHP, JavaScript (ES6+), SQL
- **Frontend:** HTML5, CSS3, Responsive Design, Cross-Browser Compatibility
- **Styling:** Tailwind CSS, Flexbox, CSS Grid
- **WordPress:** Theme Customization, Plugin Development, Hooks (Actions & Filters)
- **Web Technologies:** REST APIs, JSON, AJAX, Basic Web Security
- **Mobile:** React Native
- **Databases:** MySQL, Database Design, Query Optimization
- **Tools & Workflow:** Git, GitHub, Postman, Linux, VS Code

EXPERIENCE

Deweagle · Aug 2025 – Nov 2025
Software Engineer Intern (Remote) · *Web Backend*
- Worked on backend features involving database-driven workflows and API integrations.
- Handled data persistence and optimized queries using MySQL.
- Collaborated remotely using Git and GitHub for version control and reviews.

VaishaliTech · Feb 2025 – May 2025
Web Development Intern (Remote) · *Frontend Development*
- Developed responsive user interfaces using HTML, CSS, and JavaScript.
- Integrated frontend components with backend APIs and handled error scenarios.

PROJECTS

Hisab Kitab – Finance Management Application · 2025
REST APIs, MySQL, ReactJS, Tailwind CSS
- Built a secure finance management system with OTP-based authentication and role-based access control.
- Implemented two-way transaction synchronization and ensured consistency through APIs.
- Optimized database queries and API responses to improve performance and scalability.
- Live Demo: hisab-kitab-business.netlify.app

GreenRoing – Clean-Waste Pickup Application · 2025
React Native, Tailwind CSS
- Developed end-to-end booking and pickup tracking workflows with clear state management.
- Handled booking, confirmation, and cancellation flows with robust error handling.
- Improved runtime performance by optimizing component rendering and state updates.
- Play Store: play.google.com/store/apps/details?id=com.greenroing

Simple WordPress Admin Notice Plugin · 2025
PHP, WordPress
- Developed a custom WordPress plugin to display dynamic admin notices using PHP.
- Worked with WordPress hooks and plugin lifecycle concepts.
- Ensured secure output rendering following WordPress coding standards.
- GitHub: github.com/Jaysingh2003

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University · 2022 – Present
B.Tech in Computer Science and Information Technology · *Ghaziabad, India*

ACHIEVEMENTS

- Open-source contribution: Pull request merged on GitHub (link available on profile).
- Solved 400+ DSA problems demonstrating strong problem-solving ability.
- Built and deployed real-world web and mobile applications used by end users.
